Snapshot report

Under the agreement for 2014
Mundingburra State School received

$216,065

Our full 2014 agreement can be found here: www.mundingbss.eq.edu.au

Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Adopting a whole school approach in P-3 for guided reading practices during daily, sustained focus on literacy instruction.
- Conducted reading data conversations between teachers and cohort team leaders so all teachers can clearly articulate why they do what they do to increase all students’ achievement each term
- Adopted a case management approach for students using end of 2013 Reading and LOA data and 2014 Prep Early Start data.
- Implemented early and ongoing intervention for identified students using resources such STL&N, Literacy Coach and Speech Language Pathologist.
- Employed additional aides and tutors to support the delivery of reading intervention practices in Prep-3 classes
- Focussed on improving the reading skills of Year 2 students to achieve end of year PM benchmark standards through the employment of a Reading Recovery teacher
- Monitored the implementation of data use, good first teaching of reading and differentiated instruction by conducting walk throughs, and following up with classroom practice observations, teacher conferences and data conversations.
- Implemented our ongoing cycle of diagnostic reading data collection to monitor individual student progress as per the school’s Data Action Plan and use data walls to create ownership by all for the data
